Cable Prowler™ combines the operations of a high-end cable and length measurement tester with the capacity to identify link status, link capability and PoE detection. All of this functionality is combined with internal memory to save, download and output results in full color.

Features and Benefits:
- High-resolution color display
- Save and print test reports
- TDR technology
- Link capability and status
- Link light
- Tests RJ45, RJ12/11 & Coax
- PoE detection
- Smart remotes
- Color wire map
- Tone generation
- Multilingual (English, Spanish, French)

Application:
- Cat 3/5e/6/6A
- Coax
- Telephone

Cable Prowler™ PRO Test Kit

Full Color Cable Testing & Report Management
Cat 3/5e/6/6A, Coax and Telephone

Cable Prowler Tester
• Easy viewing in any environment
• Test results can be named, saved, viewed and printed
• Measures cable length & distance to faults in feet or meters
• Detects and reports current link speed and link capabilities for active Ethernet drops up to 1Gb
• Link light to identify location on a hub/switch/router port
• Tests Ethernet cable configuration and verifies connectivity while conducting tests for opens, shorts, miswires, split pairs and reverses
• Detects presence of PoE and class of PoE with load test for voltage drop (IEEE802.3af/at requirements)
• Supports up to 8 testing and ID remotes for network and telephone cables
• View saved cable tests
• Full color graphical wire-mapping
• Generates selectable tones on selected pins for use with tone tracers
• Language selections of English, French and Spanish

#1-8 Coax Remote Set
• ID/MAP 8 video (coax) cables at once. Numbered custom F remotes 1 thru 8 for easy identification

#1-12 Data Remote Set
• ID/MAP 12 data (twisted pair) cables or data ports/jacks at once. Numbered custom RJ45 remotes 1 thru 12 for easy identification.

Adapters
• F Female-to-F Female - (Qty 2)
• BNC Female-to-F Female - (Qty 1)
• BNC Female-to-F Male - (Qty 1)

Cables
• Micro USB Cable: Connects Cable Prowler to computer for exporting test results
• No-Fault Cable: 7.5" Special RJ12 to RJ12. The No-Fault Cable uses no-fault RJ12 connectors on both ends to assure no damage to the RJ45 jacks. It is the ideal patch cable to use when mapping or shooting tone.
• RJ45 Port Saver: Extend the life of your tester by using the RJ45 Port Saver as your sacrificial cable. This eliminates the wear and tear from constantly plugging in and out of the tester port.
• Tone Cable RJ45/Alligator: Use when shooting tone via the data port. Cable conductors are terminated on contact #1 and #2, so program your Cable Prowler to shoot tone on pair 1 and 2.

Test Displays
• Pass
• Setup
• Fail
• Link Light
• Network PoE Testing
• Tone Generator

#1-8 Smart Remote Set
• Test & Map/ID voice/data simultaneously
• Cat5e, Cat6A, Cat5e, Cat5, Cat4 and Cat3 cables
• Shielded and unshielded cables

We Make Connections EZ!
Cable Prowler Tester   P/N TCB300

The Cable Prowler comes with a handy hanging pouch for easy portability and organization. Included are the following accessories to help you get started:

•  #1-5 Coax Remote Set
•  #1-5 Data Remote Set
•  Network/Tel Testing and ID Remote #1
•  F Female to F Female Adapter F81
•  No-Fault Cables - (Qty 2)
•  Micro USB Cable
•  Hanging Pouch
•  Quick Start Guide

Specifications

<table>
<thead>
<tr>
<th>Measurement Technology</th>
<th>Time Domain Reflectometry (TDR)</th>
</tr>
</thead>
</table>
| Cable Measurements     | Cable Testing and ID: up to 1000 ft (305 m)  
                      Split Pair Detection: 3 ft (1 m) to 1,000 ft (305 m)  
                      Length Measurement: 0 to 1,500 ft (457 m), ± (5%+1 ft)  
                      Supports 8 continuity and ID number remotes (RJ45)  
                      Supports 20 RJ45 and 20 F connector ID only remotes |
| Power over Ethernet    | Tests for IEEE 802.3af and IEEE 802.3at (PoE Plus) compliant PoE  
                      Tests for classes and loads cable up to 25.5 watts  
                      (at class 4) Identifies Mode A or B (pairs with PoE) |
| Active Ethernet        | Indicates advertised speeds of 10/100/1000base-T half  
                      or full duplex. Can link to network at 10/100base-T |
| Maximum Voltage        | RJ Jack: 66 VDC or 55 VAC  
                      F Connector: 50 VDC or VAC  
                      Refers to the max voltage that can be applied to any  
                      2 connector pins without damaging the tester. |
| Save Test Results      | Stores up to 250 cable or network tests with user defined names |
| Tone Generation        | Tone Frequencies: 730 Hz and 1440 Hz |
| Languages              | English, French, Spanish |
| Battery Life           | For 6 x AA, 9VDC, 2,200 mA-hr (typical) alkaline battery:  
                      Operating – 20 hours typically  
                      Standby – 1,5 years typically  
                      (200mA max standby current) Batteries are included |
| Altitude               | 10,000 ft (3048 m) operating |
| Temperature            | Operating: 32 to 122°F (0 to 50°C)  
                      Storage: -22 to 140°F (-30 to 60°C) |
| Humidity               | 10 to 90% non-condensing |
| Enclosure              | High-strength PC/ABS plastic with V0 rating with boot  
                      Withstands 4 foot drops onto concrete |
| Size                   | 1.85"H x 3.6"W x 6.8"L (4.7 x 9.15 x 17.3 cm) |
| Weight                 | With batteries: 1 lb 2 oz (510 g) |
| Safety Compliances     | CW |
| Warranty               | 1 Year |

Cable Prowler PRO Test Kit   P/N TCB360K1

Kit Contains:

•  Cable Prowler™ Main Unit
•  #1-8 Network/Tel Test and ID Remotes
•  #1-8 Coax Remote Set
•  #1-12 Data Remote Set
•  Micro USB Cable
•  No-Fault Cable – (Qty 2)
•  RJ45 Port Saver
•  RJ45 Alligator 12 Inch
•  F Female to F Female Adapter F81 – (Qty 2)
•  BNC Female-to-F Female Adapter
•  BNC Female-to-F Male Adapter
•  Durable Plastic Case
•  Quick Start Guide
•  Warranty Activation Card
